

Nevada Desert Experience

"A butchery of untold magnitude..." Pope Paul VI, on the bombing of Hiroshima, August 6, 1945

As we approach the 80th anniversaries of the first atomic test at Alamogordo, New Mexico, on July 16, 1945 and the nuclear devastation of the cities of Hiroshima on August 6 and Nagasaki on August 9, the Nevada Desert Experience recommits to ridding the world of nuclear weapons. In this time of global tension, genocide and proliferation of nuclear weapons, our work could not be more urgently needed. We are grateful to our friends, benefactors and allies worldwide who make it possible for us to answer the call of these dangerous times.

Sharing Stories for a Healthy World, July 27

Sharing Stories for a Healthier World

Speakers from:

- Gerry Condon
- Helen Jaccard
- John E. Wilks, III
- Kanako Matsuda
- Mari Shintani
- Leon Cloder (Takenori Kuroda)
- Susan Schwall

Radiation, Agent Orange, & PFAS
The Hidden War on Our Health and Environment

- Near-irreversible environmental destruction
- Intergenerational harm to people and ecosystems
- Ongoing negligence by military and corporate powers

Speakers from:

- VFP Peace Speaking Tour in Okinawa & Japan
- Ginowan Churamitsu kai
- Women's Association for Peace and Against Military Expansion in Kumamoto

Our communities are still paying the price.
Take action. Get informed. Demand accountability.
Join us for a powerful conversation on environmental justice and public health.

"Justice for our Desert" mark your calendar, October 10-13

CELEBRATE INDIGENOUS PEOPLES DAY
ON THE LAND OF THE PAIUTE AND
WESTERN SHOSHONE IN NEVADA

In April, Donald Trump promised to bring Columbus Day "back from the ashes," reversing a popular trend of recent years to change the name of the holiday celebrated on the second Monday of October to Indigenous Peoples Day or not to recognize it at all. Leaving "Columbus Day" in the ashes, NDE is once again convening its autumn event, Justice for our Desert, over the Indigenous Peoples holiday weekend, beginning Friday evening, October 10, at our home base in Las Vegas and finishing with an act of nonviolent resistance at the nuclear test site (Nevada National Security Site, NNSS) in Mercury early Monday morning, October 13. We will be celebrating the desert and learning of the threats to its people and its creatures. Activities will include witnessing at Creech Air Force Base in Indian Springs, the center for US global drone warfare by remote control, and attending a powwow at Spring Mountain and camping at the beautiful Temple of Goddess Spirituality in Cactus Springs. We will have time to sing, share food and stories, reflect, pray and to conspire for survival. Contact us at info@nevadadesertexperience.org for more information or to register.

"The Only Solution" an invitation to join the 2026 Sacred Peace Walk, next March 28- April 3

On June 7, NDE co-coordinator Brian Terrell used the opportunity of receiving a peacemaker award from Pax Christi Metro New York to promote next year's Sacred Peace Walk. His 9 minute speech can be heard [here](#)

Thursday, April 17, the 2025 Sacred Peace Walk arrives at historic Peace Camp at Mercury, Nevada, five days after leaving Las Vegas. They were welcomed by a contingent of Western Shoshone who led them to the nuclear test site the next morning on Good Friday.
