Interfaith Resistance to Nuclear Weapons

We walk in the footsteps of a long legacy of peace walkers and spiritual leaders to draw attention to the nuclear dangers that continue to threaten our sacred planet and the community of life.

This walk includes a Western Shoshone sunrise ceremony; Passover Seder; Good Friday Stations of the Cross re-enactment at Creech Air Force Base where crews control pilotless "drones" via satellite, killing people all over the world; Buddhist, Muslim and Hindu holy days also will be honored; ritual-making at the Cactus Springs Goddess Temple; Easter Sunday vigil at the gate to the Nevada Test Site, to heal this, the most bombed place on Earth.

The 63 mile journey is a walking meditation.

Most nights are spent camping with help from a Las Vegas support team.

Part-time pilgrims welcome.
