

SACRED PEACE WALK 2016

LAS VEGAS TO CREECH AIR FORCE BASE AND THE NEVADA NATIONAL SECURITY SITE WALK-A-THON PLEDGES

Hundreds of people have walked the 65-miles from Las Vegas to the Nevada Test Site (NTS, now the NV National Security Site) for the abolition of nuclear weapons and in opposition to the use of the desert for the development of increasingly horrific weapons. As the late Rabbi Abraham Joshua said, when marching with Martin Luther King, Jr., "I felt that my legs were praying."

Use this form to keep track of who you asked to support your peace walk. You won't just be raising money, but also awareness! 100% of your donations will help us "walk our talk" in prayer and unity.
