

Nuclear Abolition Week

March 14 - March 24, 2008

NevadaDesertExperience.org invites you to...

An Environmental Justice Teach-In
March 14th and 15th in Las Vegas

Followed by...

The Sacred Peace Walk
March 17th - 23rd from Las Vegas to the Nuclear Test Site

We walk in the footsteps of a long legacy of peace walkers and spiritual leaders to draw attention to the nuclear dangers that continue to threaten our sacred planet and the community of life. NDE's 62-mile, annual pilgrimage ends on Sunday, with an extra special option for creative prayer-actions on Monday for those who stay longer in the desert.

Please note that this year's walk includes Purim, the Full Moon, Mohammed's Birthday & Holy Week.

Where Are the Threats? The US is actively seeking new warhead designs for new warfighting scenarios under the Reliable Replacement Warhead program. The U.S. Department of Energy (DOE) plans to revamp US nuclear weapons facilities to rebuild every nuclear weapon under its "Complex Infinity" plan.

Please join us in transforming fears into compassion and apathy into action.
