

**Sacred Peace Walk 2010: Las Vegas to the Nevada Test Site (via Creech Air Force Base)
WALK-A-THON to support the Nevada Desert Experience**

Hundreds of people have walked the 60 miles from Las Vegas, Nevada to the Nevada Nuclear Test Site for the cause of abolishing nuclear weapons and opposing increased use of this desert in the development and use of weapons that increasingly harm civilians. As Martin Luther King Jr. said, "Darkness cannot put out darkness. Only light can do that." 100% of your donations will go to support the work of NDE.
